## ET CETERA:

**How do you think like a teacher?** Teachers are called on to make decisions that aren't always easy. Loosely modeled on the game "Scruples," students decide how they would handle various situations and then discuss the solutions within their groups.

**How do they do that?** During the week's evening activities, view and discuss education-related films such as *Mr. Holland's Opus*, *Lean on Me*, *In and Out*, *Teachers*, *Sister Act*, *To Sir With Love*, *Dangerous Minds*, etc.

**Which job do I want?** Elementary, middle school, high school? Coach? Principal? Special education? Representatives from each of those fields will clue you in on careers in education.

## ACTIVITIES:

Attend the annual induction ceremony for the Kansas Teachers' Hall of Fame and visit with outstanding Kansas educators.

Explore careers within the field of education and participate in seminars on the professional issues that teachers encounter.

Design an ideal school.
